Sixty-Fourth Year

Canyon, Texas

Wednesday, March 9, 1960

Number 48

Around - - - - The Town

By DOROTHY HALEY

Mr. and Mrs. Robert Pease of Chicago, Ill., visited with his niece and family, the Ples Harpers, from Thursday until Monday. They were enroute to Phoenix, Ariz., to visit Mrs. Harper's mother, Mrs. Rollin Pease.

Mr. and Mrs. John Anderson of Port Arthur and Mrs. Fred Fuston and daughter, Kim, of Winnfield, La., spent last week with Mr. and Mrs. R. N. Cooke and family.

Charlene Meir of Amarillo visited with her sister, Mrs. K. E. Hines, Friday night.

Mrs. W. H. Hardaway of Happy is visiting her daughter, Mrs. E. S. Shero, and other relatives this week.

Mr. and Mrs. Redmond Hand spent Sunday in Plainview with their daughter and family, Mr. and Mrs. Robert Ballard and boys.

Mrs. John Damron and children of Claude spent Saturday with Mrs. Murray Boston.

B. F. Machen has moved back to Canyon after spending the winter in Amarillo.

Mr. and Mrs. A. T. Salyer and children of Clinton, Okla., and Mr. and Mrs. G. H. Hardman of Amarillo spent the weekend in the Charles Donnell and Loyd Buchanan homes.

Mr. and Mrs. W. T. Reynolds and Jerry attended the dedication ceremonies of the Calvary Baptist Church in Dumas Sunday.

Mr. and Mrs. J. J. Walker are vacationing in Hot Springs, N. M. From there they plan to vacation in Phoenix, Ariz., for a month.

Mr. and Mrs. J. N. Seay have returned from a three weeks trip to California and Phoenix, Ariz., where they visited relatives.

Mr. and Mrs. Dewey Foster have returned from visiting their daughter and family, the Frank Stallings, in Austin, and their son and family, the Manus Read Fosters, in Dallas.

Mr. and Mrs. Virgil Flaming and children of Perryton spent the weekend in the Glenn Sparkman home.

Miss Joy Sudderth of Wichita Falls and Mrs. Pat Maddox and Patricia of Dallas spent the weekend with Mr. and Mrs. H. S. Sudderth.

Mr. and Mrs. Jack Taylor have returned from a vacation trip to New Orleans where they attended the Mardi Gras. Accompanying them were their daughter, Janet, and her roommate, from the University of Texas.

Although Canyon is now enjoying its warmest weather since last October, this area has had its roughest weather in years this winter. Last Saturday was a typical winter day, when a freezing mist settled on the trees and bushes of the area turning them a ghostly white.

Poll Taxes Reveal Increase in Voters

A record number of poll taxes were issued to Randall County voters this year.

Poll tax receipts totaled 9,809—about 2,500 more than the number issued in 1956—the last general election year. Exemptions issued boosted the year's total of qualified voters to 10,930, compared to 8,301 in 1956.

An additional unknown number of persons over 60 who are eligible to vote without exemptions will push the final total of qualified voters even higher. Young people who will become 21 before the election must obtain exemption certificates at least 30 days before the election.

In the last general election year a total of 7,573 poll tax receipts and 728 exemptions were issued. Voters in South Amarillo outnumbered Canyon voters 2 to 1 in 1956. South Amarillo voters now have an almost 3 to 1 margin.

Three new voting precincts were created by Randall County commissioners last year.

Precinct	Poll taxes
1	726
2	52
3	96
4	41
5	95
6	127
7	36
8	125
9	1,415

12	995
13	375
14	1,987
15	679
16	96
17	517
18	32

Local voters include precinct 1, 726 voters, voting at the American Legion Hall in Canyon; precinct 13, 375, WT Field House; precinct 16, 96, VFW Hall, and precinct 17, 517, Canyon High School.

BUD HICKMAN

Hickman Named Crew Leader for Upcoming Census

John B. "Bud" Hickman of Canyon has been appointed a crew leader for the 1960 Census of Population and Housing for Randall County, it was announced Tuesday by District Supervisor Clyde Cook of Amarillo.

Hickman will supervise six enumerators in the big nationwide census which begins April 1.

The crew leader is one of the key people in the field operations of the 1960 Census of Population and Housing. It is the crew leader's responsibility to recruit and train census takers, plan and allocate work assignments, review the work of the census takers, and handle problems of difficult enumeration.

Voters to Have Little Choice In Upcoming April Elections

New Administrator Named at Hospital

James R. Seltz, formerly with the Chester Clinic and Hospital in Dallas, will assume duties next Tuesday as business administrator at Neblett Hospital and Clinic here, it was announced this week.

Seltz, 37, plans to move to Canyon this weekend and will report for duty Tuesday at the hospital. Residents of Canyon have been urged to drop by the hospital and

meet the new administrator by the hospital staff.

Seltz was connected with the Chester Clinic and Hospital for three and one-half years before accepting the position at the hospital here.

He has had six years of medical administration work with the U. S. Army and was on the staff at the Methodist Hospital of Fort Worth.

He taught business administration and science for five years and was a professional Boy Scout field representative.

Seltz graduated from high school at Gladewater. He received a bachelor of science degree in business administration in 1952 from East Texas State College in Commerce and a master of science degree in 1955 from Texas Christian University.

A member of the Methodist church, Seltz is married and has two children, one 7 and one 9-years-old.

Special Hours Told For Car Tag Sales

The office of county tax assessor-collector will be open the last two Saturdays of the month in an effort to boost sagging car tag sales.

Bill Money, tax assessor-collector, announced the special hours for his office in an effort to avoid as much last minute rush as possible. Deadline for having the 1960 tags on vehicles is midnight April 1.

Vehicle owners must bring last year's registration papers and certificate of title when they register the cars.

Persons who have reserved numbers from BE 10 through BE 1700 are requested to pick up their tags this week.

Tunisians Arrive For Dairy Visit

Two Tunisian agriculturalists arrived in Canyon at 3 p.m. yesterday for a two-day visit to Randall County dairy farms.

The two are Mohamed Saharoui, an instructor at the Agricultural Service Center, and M'Hamed Ali Bouzaine, an instructor in the breeding section of the Secretariat of Agriculture of Tunisia.

The Tunisians will visit county dairy farms and talk with local dairymen today and tomorrow as part of "Operation Dairy Production," County Agent John Brazzil said.

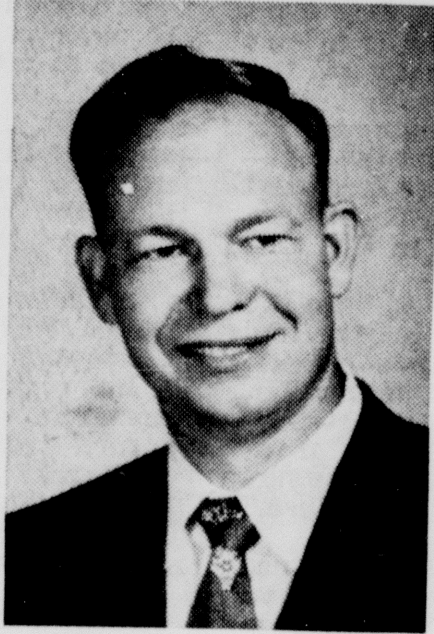

Girl Scouts Begin Sale of Cookies

Girl Scouts in Canyon launched their annual cookie drive this week in observance of National Girl Scout Week.

The Canyon troops will be taking orders for 50 cent boxes of cookies during the next two weeks. The girls will be taking orders, or Mrs. Wayne Wirt, OL 5-2521, will accept orders.

Proceeds go to pay the utilities and upkeep for the Scout House and for supplies for local troops.

More than 200 Canyon youngsters are enrolled in the Girl Scout program. Selling cookies and contributions are the only ways money may be raised for these girls. The Sue Hite Club, which sponsors the Scouts, supports the troops with donations.

JAMES R. SELTZ

Rash of Break-Ins Being Investigated

Sheriff's deputies were still investigating a rash of burglaries in Canyon at mid-morning Wednesday.

At least three business firms had been hit, and several businesses reported that someone had tried to enter their stores.

Deputies were investigating burglaries at Cheatham's Men's Store, where about \$40 in cash, shoes, and other items were taken; Farm and Home Supply, where rifles, pistols, knives, holsters, shells, a hunting jacket, and 25 pennies are missing; and Pomroy Service Station and Tire Store, where about half a dozen tires and tubes are missing.

Dan Pitt to Speak To Center Council

Dan Pitt, area representative for the Young Men's Christian Association, will speak to members of the Community Center Planning Council Tuesday night.

Pitt will explain the YMCA's work in conjunction with community centers throughout the Panhandle.

The meeting will get underway at 7:30 p.m. in the commissioners courtroom of the Randall County courthouse. Anyone interested in the proposed community center is urged to attend the meeting.

3 Vacancies 3 Candidates In City Race

City voters will not have much choice in the April 5 election of new city commissioners.

Only three persons filed for the three posts to be voted on. Deadline for filing was last Saturday.

Meanwhile, Riley Troth and Wesley Cox announced that they would not seek election to the school board.

Both Troth and Cox were petitioned by some 200 residents last week to run for the board of trustees of Canyon Independent School District.

Mrs. Clay Cooper, an incumbent, and Bob Wear had previously filed for the two vacancies to be voted on in the April 2 school board election.

Prospective candidates have until March 22 to file for the school board race, Bill Sternberg, board secretary, said. Filing forms may be obtained from him at Sternberg Lumber Company, he said.

Retiring from the city commission this year are Mayor Charles Donnell and Commissioner Lowell Harrison.

The three who are running for office were drafted by a petition which circulated several weeks ago. Seeking election are John P. Taylor, who is now serving as a commissioner, Clarence Eugene Thompson, and George H. Ritter.

Taylor is the candidate for mayor, while Thompson is seeking the place 2 commissioner's post, and Ritter the place 3 commissioner's post.

The election of city officials will be held April 5 at City Hall. Jack Jennings has been named presiding judge of the election, with Levi Cole as judge. Miss Pearl Black and Mrs. Fay Cannedy will serve as clerks.

The school board election will be held April 2 at the Legion Hall, Third Avenue at 16th Street. A. L. Crossland has been appointed judge of that election.

WT Swine Forum Slated Saturday

The first annual West Texas Swine Forum will be held Saturday at the William Gouldy Sales Arena at the Tri-State Fair Grounds in Amarillo.

The forum is sponsored by the agriculture department of West Texas State College and the West Texas Swine Improvement Association.

A sale will be held in the afternoon of boars tested at the Southwest's largest testing station, two miles north of Canyon on Highway 87. All boars to be sold have gained more than 1.5 pounds per day and gained 100 pounds on less than 350 pounds of feed at the testing station.

Six Randall County boars will be sold. Vincent Friemel of Umbarger, Fred Harris of Happy, and D. L. Allison and Larry Tackitt of Happy each have two boars to be sold.

The forum, which will be held Saturday morning and early Saturday afternoon, will feature talks by Dr. M. R. "Nig" Callihan, head of the veterinary medicine and surgery department of Texas A&M College; C. M. Smallwood, head of the Department of Agriculture at WT; Dr. Ralph Durham, head of the animal husbandry department at Texas Tech, and Art Bralley, vice president of the American National Bank of Amarillo.

Roberts Takes Second In Speech Contest

Larry Roberts of Canyon placed second in the Toastmasters Workshop and Speech Contest held Saturday in the Fine Arts Building.

Charles Mercer of Amarillo Post 1875 won first place, and Dr. Will Graham of Amarillo Post 211 took third place. All three men won trophies.

About 40 people registered for the afternoon workshop, and more than 100 were present for the banquet and contest.

Bosley Slates Talks For Lecture Series

Speaker for the annual Willson Lecture Series, held concurrently with Religious Emphasis Week, at West Texas State College will be Dr. Harold A. Bosley, minister of the First Methodist Church of Evanston, Ill.

The lecture series, sponsored at WT and other southwestern colleges and universities by Mr. and Mrs. J. M. Willson of Floydada, will open Tuesday and continue daily through Friday.

General theme for the series will be "The Risks of Thought in Religion."

Dr. Bosley's talks each morning at 10:15 will include "How Shall We Think of God?", "How Shall We Think of Christ?", "How Shall We Think of the Church," and "The Public Consequences of Sin."

An Active Speaker

An active speaker for the past 20 years for college groups, Dr. Bosley holds the A.B. degree from Nebraska Wesleyan University and the B.D. and Ph.D. from the University of Chicago.

He holds honorary degrees from Nebraska Wesleyan, Northwestern University, Ripon College, and Cornell University.

Before going to the First Methodist Church in Evanston in 1950, Dr. Bosley was director of religious activities at Iowa State Teachers College, pastor of a church in Baltimore, and was dean of the Divinity School at Duke University for three years.

Talks Open to Public

Dr. Bosley is author of a number of books, including "The Quest for Religious Certainty," "A Firm Faith for Today," and "The Church Militant," as well as numerous articles.

He is a member of the American Philosophical Association, Fellowship of Reconciliation, and the Board of Trustees of Northwestern University.

The public is invited to all sessions of the week, which will be held in the Administration Building auditorium.

Students of WT will observe vespers and special services, including bull sessions at night during the week. Arrangements for student activities have been made by members of the Interfaith Council.

DR. HAROLD A. BOSLEY

Concert Association to Hear 'Master of Violin' Tonight

Twenty-three-year-old Michael Rabin, "a master of the violin," will play for members of the Canyon Community Concert Association tonight at the West Texas State College auditorium.

Curtain time is 8:15 p.m. Admission is open only to members of the concert association and their guests.

The renowned young virtuoso is the most traveled American violinist of this generation. His past season's schedule included his eighth transcontinental North American tour, his fourth extensive European tour, and his second tour of Israel.

Recording Artist at 13

When he was only 16, he flew over 31,000 miles in the course of a triumphantly successful debut Australian tour. By the end of this year, he will have logged close to 350,000 air miles.

He has been a major recording artist since he was 13, when he made a number of discs for Columbia Masterworks. Since then he has recorded much of the major violin repertoire for Angel Records.

This season he made his debut on EMI-Capitol, one of the world's most widely distributed labels.

Acclaimed by Mitropoulos

Not once, since the 13-year-old Rabin made his "official" orchestral debut in Carnegie Hall, has his career faltered in the transition from prodigy to mature artist.

At the inception of his professional career, in 1950, conductor Dimitri Mitropoulos publicly acclaimed him as "really the genius violinist of tomorrow, already equipped with all that is necessary to be a great artist and give great

thrills to the musical world."

In the years since, Rabin's tours of the U. S. and Canada have included repeated appearances on all the leading concert courses, with all the major orchestras, on the great outdoor summer festival series.

And in the spring of 1959, Rabin

was announced as one of the top 10 U. S. artists awarded one of the coveted Ford Foundation grants, to commission an American composer to write a new work for his performance with a number of leading U. S. orchestras. Rabin's commission went to composer Paul Creston.

Sugar and You

U. S. Representative Walter Rogers gives a great deal of informative material on the much-discussed sugar situation in his column in this week's *News*. As usual, Rep. Rogers' comments are pertinent.

Although at first glance it may seem that the production of sugar is a long way from the Panhandle, that's not the case.

Hereford's Chamber of Commerce, for instance, is going all out to get the sugar beet acreage increased in that area, and to get the residents of Hereford to use beet sugar—which is raised in Hereford—instead of cane sugar.

The Hereford interests would have the United States stop buying sugar from Cuba, which now supplies about 40 percent of the sugar to the U.S. market, and "approximately 250,000 short tons more than the (U.S.) domestic beet growers and (U.S.) mainland cane growers thrown together are allowed to produce," Rep. Rogers writes.

So on the surface it would seem that with the hostile attitude Cuba has shown toward this country that the U.S. Congress wouldn't hesitate to withdraw any preferred treatment to Cuba.

This will not be the case. Instead, the congressmen will shilly-shally around (upon the recommendation of the State Department) so that the United States as a country will not be able to take a firm stand for or against the three and one-quarter million tons of cane sugar which Cuba is exporting to this country.

Congress, in the present session, has the power to extend or revoke the preferred treatment of Cuba. But there are what Rep. Rogers calls "several schools of thought" concerning what should be done. He outlines these "schools of thought" thusly:

1. Congress should immediately act to

withdraw any further grant of quotas or preferred treatment to Cuba;

2. The quota being enjoyed by Cuba at the present time should be measurably reduced and spread among other sugar producing countries;

3. The quota now held by Cuba should be measurably reduced and that portion given to mainland beet and cane growers;

4. The matter should remain static, and any and all increases in sugar demands of this country should be filled by increased acreage allotments to mainland beet and cane growers.

In his column, Rep. Rogers gives no true indication of which way he would vote if the issue were to come to a showdown soon.

But regardless of which way the congressman votes, what he should be concerned with is that we pay \$150 million each year for the privilege of buying Cuban sugar, over and above the world market price.

And if American sugar beet and cane production is to be continually hamstrung because of Cuban production Americans should not be penalized \$150 million each year and American families not allowed to produce as much of the product as the market will stand.

At least the price paid in America for Cuban sugar should be lowered to the market level.

Cuba at the present time, is getting a premium of 30 cents per ton over and above the current world market level for its cane sugar.

If this one source of revenue is halted we think it will be enough to make the Castro government sit up and take notice—and might be enough to make him realize that if he bites the hand that feeds him long enough, he might get slapped.

☆☆☆ ☆☆☆ ☆☆☆

World Courts, Conditions

Thirteen years ago the American Bar Association's house of delegates voted nearly 2-to-1 for repeal of the Connally amendment which would reserve to the United States the determination of what matters it would submit to the jurisdiction of the World Court. A few days ago at Chicago, the same group voted on the question again. This time the vote was considerably closer—100 to 93, out of a total membership of 248.

It is significant that, as a preliminary to the vote, the president of the bar association told the delegates he was assured the repeal resolution would not come before the U. S. Senate this year. This took some of the urgency out of the voting, and gave time for the house of delegates to consider its position further before Senate action is imminent. It also reflects the effectiveness of the grass-roots opposition to relinquishment of the Connally safeguard against the possibility that the World Court might attempt to decide matters this country considered purely domestic and of no legitimate international concern.

What the American Bar Association will decide if the matter becomes pressing in the future is anybody's guess, but the changing vote in its house of delegates unquestionably reflected the results of developments since the previous vote was taken. Time and experience have wrought a change in the attitude of many Americans toward world affairs.

The years shortly following the end of

World War II formed a period of high hopes and high idealism. The formation of the United Nations was evidence of the hope that nations could learn to live together in peace, settling their differences at the council table rather than by resort to war or threats of war. We had just emerged from a struggle in which the United States and Russia were allies, and the feeling—or at least the hope—was widespread that the spirit of amity and confidence could be continued and enhanced.

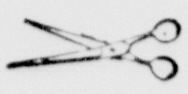

The intervening years have brought disillusion. Largely this has been due to unmistakable demonstration on the part of Russia that it has not abandoned its intent of world domination and that it will use every means at its command to attain it. The years since 1947 have been uneasy ones, a period of cold war that has seen several limited shooting wars, numerous threatening crises, and a monumental buildup of arms on both sides of the Iron Curtain that divides East from West. As valuable as it has been, even the United Nations has proved a disappointment to hopes that perhaps expected too much of it.

Viewed against this background is it any wonder that many Americans are loath to risk their traditional freedoms and constitutional guarantees to a world agency whose actions and direction they have no means of predicting?

—Ft. Worth Star-Telegram

What Our Neighbors Say . . .

Scissor Snippings

Hop Graham, Jr., in the *State Line Tribune*: Now I know how much fun it is to run from the sheriff and get away. Last week he sent me a little postal notice, which made me one of the elite selected to do petit jury duty in district court.

Along with 47 other folks caught in this public service snare, I was supposed to report in to the courthouse at 10 o'clock Monday (of next week) to do my duty in Judge Bill's jury box.

However, I believe that I can beat the rap. Somewhere back in my mind, I remember Hop telling me that for some reason newspapermen and butchers were excluded from jury duty in the State of Texas.

How these two professions got teamed up for such exclusive treatment I was never sure, but that's the way the story went. Anyway, I thought the thing worth looking into, so got ahold of County Judge Loyde Brewer to help me check the statutes.

Sure enough, newspaper folks are exempt from jury duty. However, in digging through the big legal book, I found out some things I hadn't heard about. For one thing, being a butcher by trade doesn't get you off anymore.

However, if you are over 60, or a civil officer, a preacher, a doctor or lawyer, or a schoolmaster, druggist, undertaker, telegraph operator, or one of several classes of railway employees, or even a flour miller, you don't have to be sworn in.

I can't explain much of this, except that some jobs seem to fall into what would be considered essential ones from a time standpoint. Also, I don't know why they dropped butchers. The idea used to be that it wasn't fair to have a butcher serve on the jury (especially in a capital case) because he didn't mind the sight of blood. Today's butchers don't have such cold-blooded outlooks, maybe.

Newspapermen are supposed to be scratched because it is their

business to know everything that's going on, and so this might prejudice them in hearing testimony. Which just goes to show you that the law is cock-eyed, because I know for damned sure that a newspaperman is the LAST one to find out what is happening. I prove that every week.

Incidentally, this is all in fun. Jury service is a priceless public trust. It is one of the cornerstones of our personal freedoms. America is one of the few countries in the world with such a carefully drawn plan for justice. Every man charged with a crime has the constitutional right to face his accusers and to be tried by a jury composed of his peers. We ought not take such a privilege lightly.

Efforts of Amarillo Banker
To Recover Dime Dug Canyon

By BOYCE HOUSE

In Kansas City:
A sign in front of a theater which was showing "The Curse of Frankenstein":

"It will haunt you forever."
I murmured, "Thanks for the warning"—and didn't go.

Another sign in Kansas City: "Mid-Summer Sale—Mixed Drinks at Reduced Prices."

A placard in a store window had this intriguing bit of information: "Jones Is Delightfully Air-Conditioned." The Jones referred to is a store, not a man.

The first cafeteria I entered, the piped-in music being heard at the moment was "San Antonio Rose" and, during my meal at another cafeteria, I was regaled with "That Good Old Baylor Line." (However, the Kansas Citians probably thought they were hearing "The Good Ole Summer Time.")

In one cafeteria the cashier doesn't use an adding machine; she just looks at the contents of the tray, adds the items in her head and hands you a ticket with the total.

Incidentally, one of these eating establishments has a sign on the stairs, "Use the Hand Rail." As it

Tax-Man Sam Sez

In country towns everybody knows the Postmaster is Uncle Sam. (He just doesn't wear whiskers and striped pants.) Most country postmasters carry tax forms to take care of uncle's business. In the big cities, however, taxpayers went to the Internal Revenue office, wrote a letter, or called on the phone to get the returns. Our city cousins have been happy to find a tax table in the postal sub-station this year. Maybe the tax forms business has gone suburban. Our country post offices have carried income tax forms during the filing season for years.

The cold weather lately has brought many problems to man, but ducks have also been affected. The main problem ducks face is finding a place to roost. And that hasn't been easy. Every pond and lake in this area, including a great portion of Buffalo Lake, has been frozen over. There are parts of Buffalo Lake, however, which aren't frozen. If you'll look carefully at the picture, you can see the ducks in the center of an otherwise white ice cap on Buffalo Lake.

Support Prices for 4 Grains Raised on Plains Announced

National average support prices for 1960 crops of four feed grains have been announced by the U.S. Department of Agriculture. They are at the same dollars and cents levels which were in effect for 1959 crops.

The four feed grains and the support prices are:

Barley—77 cents per bushel for grade No. 2 or better;

Grain sorghum—\$1.52 per hundredweight for grade No. 2 or better;

Oats—50 cents per bushel for grade No. 3;

Rye—90 cents per bushel for grade No. 2 or better or grading No. 3 on test weight only.

Several factors, as required by law, were taken into consideration in determining the 1960 support prices for these grains. The Agricultural Act of 1958 requires that price supports for "other" feed grains be established at levels which are "fair and reasonable"

in relation to the support for corn.

Other Factors Considered

Previous legislation detailed several other factors to be considered. Among these are the supply of the commodity in relation to the demand, the ability of the Commodity Credit Corporation to dispose of stocks acquired under price support, ability and willingness of producers to keep supplies in line with demand, and support levels for other commodities, which in the case of feed grains include feed values in relation to corn.

Under the relative levels of price support in effect for 1959 crops, corn average was increased materially and production went up to an all-time record. At the same time, the combined acreage and production of the other four feed grains was reduced.

These developments were considerations in the determination of support levels for 1960 crops of the "other" feed grains. With the national average corn support price reduced from \$1.12 to \$1.06 a bushel for 1960, as announced February 19, and the support for the other feed grains maintained at the same dollars-and-cents levels which were in effect for 1959, the differential between corn and other feed grain supports is narrowed.

60 Percent of Parity

When the support prices announced February 19 for these four feed grains were in effect at the same dollars-and-cents levels for 1959 production, they represented 60 percent of the parity prices for the grains at that time. On the basis of current parity

prices, these continuing support prices reflect within less than one percentage-point of the same 60 percent of parity for each of the four feed grains.

Nonrecourse price support on 1960 production of these four grains will be subject to a \$50,000 limitation as required by a provision of the 1960 Agricultural Appropriation Act (Public Law 86-380). A producer will be exempt from the limitation on nonrecourse price support if his 1960 acreage of the crop is reduced 20 percent below his 1959 acreage. The \$50,000 limitation applies only to nonrecourse loans and purchase agreements.

Loans will continue to be made in excess of \$50,000 on a recourse basis under which the borrower agrees to repay all amounts over \$50,000 within 12 months or such later date as may be determined. The law requires the support limitation on all crops in surplus. These four grains have been determined to be in surplus supply for the coming marketing year for purposes of this provision.

Supported As In Past

The four grains will be supported through farm and warehouse-stored loans and purchase agreements, as in the past. These will be available from harvest through January 31, 1961.

Nonrecourse loans in Texas will mature on March 31, 1961, for grain sorghums and on April 30, 1961, for barley, oats, and rye. Earlier maturity dates may be set for some areas because of storage conditions or early harvests.

While basic support rates are established for grades as indicated in the listing of support prices, minimum eligibility requirements for obtaining price support on the four grains are as follows:

Barley—Grade No. 4 or better, or No. 4 garlicky or better;

Grain sorghum—Grade No. 4 or better, grade No. 4 smutty or better, or grade No. 4 discolored or better, and containing not more than 13 percent moisture;

Oats—Grade No. 3 or better, or No. 3 garlicky or better;

Rye—Grade No. 2 or better, or grade No. 3 because of test weight

only, and containing not more than one percent ergot.

Discounts are provided to determine support rates for grain grading below grades for which basic rates are set. Premiums and discounts will be made available when county support rates are announced.

WIDE INSIDE

DIFFERENCE IN A CHEVY WAGON!

Chevy wagons are widest where wagons should be—with the widest seating, the widest cargo space and the widest choice of power teams in the low-price field. Check any of the five handy, handsome new models at your dealer's. You won't find these versatile advantages in any other wagon near Chevy's size and price!

■ Widest seating, front and rear—up to a full 3.1 inches wider in front, up to 4.2 inches in the rear. ■ Widest cargo area—the load platform's a whopping 5½ feet wide, designed for a wider variety of cargo. ■ Widest area between wheel housings—

allows more room for bulky loads. ■ Widest choice of engines and transmissions—24 combinations in all, to give you peak performance with any kind of load. ■ Full Coil springs that ride right loaded or light—no other wagon near Chevy's price and size gentles the bumps with coil springs at all four wheels. ■ More road and ramp clearance—you can take full loads over bumps and grades without scraping bumpers. ■ Truly practical 9-passenger model—with roomy rear-facing third seat and electric roll-down rear window.

See Corvair for the wide, wide difference in compact cars! Every Corvair gives you a fold-down rear seat for extra storage space—at not a penny extra. And this is only one of many advantages you'll find in no other compact car in the land!

See your local authorized Chevrolet dealer for fast delivery, favorable deals!

Washington Report

Sugar

By Representative Walter Rogers
18th Congressional District

The question of whether or not the Sugar Act should be renewed for one year may turn out to be one of the hottest issues during this session of Congress, the reason being that Cuba furnishes about one-third of the sugar used in this country.

In round figures, Cuba last year furnished 3,215,457 short tons (raw value) of the United States consumption of 9,400,000 tons. In fact, we buy more sugar from Cuba than from any other source, including all the sugar produced in this country. The final adjusted quotas for 1959 were as follows:

Area	(Short tons raw value)
Domestic beet	2,267,665
Mainland cane	697,783
Hawaii	977,970
Puerto Rico	969,875
Virgin Islands	12,405
Philippines	980,000
Cuba	3,215,457
Full duty foreign	278,845

Divide Up Deficit

Hawaii, Puerto Rico, and the Virgin Islands, because of droughts or other causes, were unable to meet their original quotas by almost 390,000 tons. This deficit was divided up between the domestic beet growers, the mainland cane growers, and Cuba.

The domestic beet growers got 224,185 tons, mainland cane growers got 68,984 tons, and Cuba got 95,802 tons. It will be noted in the table above that Cuba is being permitted to provide approximately 250,000 short tons more than the domestic beet growers and the mainland cane growers thrown together are allowed to produce.

In fact, this country, together with Hawaii, Puerto Rico, and the Virgin Islands, which are all a part of this country, produce less than 55 percent of our sugar needs. One of the reasons argued in support of this law is that sugar can be purchased from Cuba at a much lower price than it can be produced in this country, even though

a premium above the world price is being paid to Cuba.

Hurts U.S. Production

In any event, the program definitely cuts down the number of acres of sugar beets and cane which can be grown in this country. And it might be pointed out that it is generally accepted without question that this country could produce its sugar needs domestically without too much effort. In view of this situation and the feeling generally that the present government of Cuba has been hostile to this country and overly friendly to the USSR, there is a great deal of sentiment for a reappraisal by this country of the entire sugar situation, especially the preferred treatment which has been accorded Cuba.

Schools of Thought

There are several schools of thought, one being that Congress should immediately act to withdraw any further grant of quotas or preferred treatment to Cuba. Another is that the quota being enjoyed by Cuba at the present time should be measurably reduced and spread among other sugar producing countries.

Still another is that the quota now held by Cuba should be measurably reduced and that portion given to mainland beet and cane growers. There is still another to the effect that the matter should remain static, and that any and all increases in sugar demands of this country should be filled by increased acreage allotments to mainland beet and cane growers.

Some argue that to take the entire quota away from Cuba or even to measurably reduce it would be playing into the hands of the Reds. They feel that the Castro government would merely say to the world that the United States was punishing it for no good reason. Others feel that unless something is done to cut off or reduce the Cuban quota in the face of Cuba's recent actions which, taken at a minimum, have been definitely not friendly, this country could justifiably be accused of being soft.

Regardless of the school of thought to which anyone might subscribe, I think it could be un-animously agreed in this country that it is not to the best interest of this country to permit a Red-controlled government to be established practically at our front door, and certainly it is not to the best interests of this country to help finance the setting up of such a Red-controlled government, if that is what is happening. And many think just that. Whatever happens, every consideration possible should be given to increasing the production by mainland producers.

Young Music Lovers

High school students visiting Washington this year will again have the opportunity of enjoying free concerts given by the National Symphony Orchestra, under the direction of Howard Mitchell. This series is made possible by Mrs. Merriweather Post and the National Symphony. It will be conducted for five weeks from April 21 through May 23. Any of you desiring to attend these concerts or any of them, please let me know and we will arrange to get your free tickets.

FRANCIS SHELL

Birthday: July 26, 1930.
Birthplace: Wallace, Idaho.
Married: Jeanine July 25, 1949.
Children: Bruce, 9; Brenda, 6;
and Jean Ann, 3.
Francis graduated from the Uni-
versity of Wyoming College of
Pharmacy in 1955, BS Pharmacy
(with Honor). He has worked in
drug stores since 1945; managed
drug stores in Wyoming from
1955 to 1958 before moving to
Canyon. He served with the
300th Armed FA Bn. during the
Korean War. A member of the
American Pharmaceutical Assn.
and NARD, his hobby is fishing.

My Job—Sales Clerk
With The Pharmacy
Since October 5, 1953

ESTELLE RICE

Birthday: July 29.
Birthplace: Oklahoma City, Okla.
Married: William on September
28, 1925.
Children: Bettie, Dana, Clai-
borne, Mary Sue, and Robert.
Mrs. Rice moved to Canyon in
1935 from Amarillo. She is a
graduate of Sand Springs, Okla.,
High School. Estelle has nine
years experience in drug stores.
Member of First Presbyterian
Church and American Legion
Auxiliary.
Hobby: Likes to watch baseball.

With The Pharmacy
Since February 3, 1958

MABLE SHELNUTT

Birthday: December 24.
Birthplace: Nashville, Tenn.
Married: Charlie on August 18,
1932.
Children: Katie, Lucille, and
Joyce.
Mrs. Shelnutt moved to Canyon
in 1929 from Florence, Alabama.
She is a graduate of Canyon High
School.
Member of Baptist Church.
Hobby: Sewing.

My Job—Fountain Clerk
With The Pharmacy
Since October 1, 1959

PAT HOLLAND

Birthday: January 26, 1906.
Birthplace: Poteau, Oklahoma.
Pat is a graduate of Heavenor
High School in Floyd County,
Okla. She came to Canyon in
1929; worked at a steam laundry
14 years and the A-1 Cleaners
three years.
Member of Methodist Church.
Hobby: Fishing.

My Job—Fountain Clerk
With The Pharmacy
Since December 1, 1959

BONNIE SKELTON

Birthday: November 19.
Birthplace: Dallas, Texas.
Married: Jay on August 27, 1959.
Bonnie moved to Canyon from
Amarillo in November, and her
husband attends WT. She was
raised in Dallas; attended schools
in Dallas, Wichita Falls, and
Amarillo.

My Job—Sales Clerk

Since September 15, 1957

DONALD K. DAVIS

Birthday: March 30, 1939.
Birthplace: Shamrock, Texas.
Don is a graduate of Shamrock
High School and a junior pre-
pharmacy student at West Texas
State College. He plans to at-
tend Pharmacy School this sum-
mer at Weatherford, Okla.

Thespian Society Organized Here

Seventeen students qualified for membership in the National Thespian Society, recently organized with Mrs. Lee Foster as sponsor.

To qualify, a student must receive recognition for meritorious work in dramatic arts. He must also meet membership qualifications in his own school.

Members who qualified are Bill Cornette, Carole Jones, Ted Abbott, Howard Mundy, Mary Bess Brillhart, Maria Free, Sally White, Kerry Knorpp, Jimmy Dale Killingsworth, Beverly Richard, Judy Wilson, Judy Parsons, Ronald Osborne, Mike Poole, Ronnie Hughes, Stephanie Conboye, and Chuck Nester.

The Thespian Society is an educational honor and service organization of teachers and students. It has been established for the advancement of dramatic arts in secondary schools. The society's two aims are to establish standards of excellency and to create an active interest in dramatic arts among high school students.

The Thespian Society was first organized in the spring of 1929 at Fairmont College, Fairmont, West Virginia. Now, in 1960, there are 347,188 members throughout the United States.

A group of teachers brought about the organization of this club because of their interest in dramatic arts improvement.

Pat's

Cheery Hello To Newcomers

Patter

Pen pals have become very popular, especially with 22 foreign language students at CHS. Members of the foreign language classes, French and Spanish, are planning to write to students in France, Brazil, Chile, Colombia, Germany, Italy, Venezuela, Costa Rico, Peru, and Mexico. All correspondence will be in English.

Pictures of the most outstanding students in scholastic achievement were taken recently for the annual. We are reminded that "Soaring Wings" is now on its way to the publisher and it won't be long until we can enjoy looking over our 1959-60 school year.

The student body at CHS wishes to say hello to those new students who have joined us recently. Greetings go to Stephen Heck, Lena Johnson, Martha Cathey, Chester Allen, Allan Richardson, Lew Johnson, Shirley Keeton, Jo Ann Tressider, and Sally Spragins.

The students of CHS are reminded of a holiday coming up soon. The Canyon schools will be closed Friday, March 11, while our faculty members attend a meeting of District IX Texas State Teachers Association in Amarillo.

The Canyon High School Band is looking forward to many contests coming up soon. Patsy Seymour, clarinet; Phil Waters, snare drum; Judy Wilson, Mary Barger, Janie Meyer, Carolyn Franklin, French horn; and Pat Haley, Dorothy Higdon, oboe, have all entered the solo contests in April.

Ensembles which have entered the contests are the woodwind trio, Anne Guthrie, clarinet; Dorothy Higdon, oboe; Nancy Cleavinger, flute; the clarinet quartet, Linda Green, Anne Guthrie, Patsy Seymour, and Beverly Richard; and the French horn quartet with Judy Wilson, Mary Barger, Carolyn Franklin, and Janie Meyer. Good luck, everyone.

This past week has been very busy at CHS. We have observed the end of the fifth six weeks and our annual Courtesy Week. Our Smile King and Queen were elected, also. Congratulations to our cheery couple.

Don't just sit there—start nagging!

Junior Who's Who Named

Scholarship, citizenship, loyalty to school, cooperation with school personnel and dependability were qualities used by faculty members in selecting the Junior Who's Who of 1960 in a faculty meeting held February 18.

Jimmy Dale Killingsworth, Norma Henderson, Dorothy Higdon, Peggy Sue Hales, Bill Callarman, and Jacquita Barnard were selected for this year's Junior Who's Who.

The Eagle's Tale

Published bi-monthly during a school term by members of the Journalism class of Canyon High School. Published by The Canyon News, Inc. Canyon High School since 1925. Member of the Panhandle High School Press Association, Interscholastic League Press Conference, and Quill and Scroll. Winner of the 1952 PHSPA Community Service Award. First place 1956 PHSPA General Excellence.

Canyon VIP's

MARILYN WINN

Marilyn Winn, who is quite active in basketball and volleyball, was recently chosen Basketball Queen for this year.

Marilyn is 17 and belongs to the Future Homemakers of America, and is a member of the yearbook staff. She has won trophies in basketball and was an all-regional player in volleyball in 1957-58. This is her fourth year to play on the varsity basketball team. Personality Queen is another of her honors.

Swimming and horseback riding are her hobbies, and homemaking is her favorite subject.

People who are pleasant to be around and who enjoy life are the ones Marilyn most likes. She says she dislikes people who continually gripe or argue about something or someone.

Marilyn's philosophy in her own words is, "I believe that everyone has an equal chance in life and that they should strive to live each day to its fullest."

Her home is with her parents and three brothers at the Phillips pumping station 10 miles south of Canyon. Her favorite person is her youngest brother, Brad, and she plans to attend college next fall.

Royal Crownings Climax of Week

The climax of Courtesy Week at CHS was the crowning of Barbara Erwin as Smile Queen and Lloyd Triplett as Smile King by Chuck Nester, president of the Student-Faculty Congress, in assembly, March 4.

Courtesy Week featured Dr. Joseph Findley as guest speaker. Dr. Findley, associate professor of education at West Texas State College, spoke upon the realms of courtesy. The title of his speech was "It's Fun to Be Polite."

All candidates for the royal position were elected from each first period class, March 2. Their names were turned into the principal's office. The next day all students voted for their choice by secret ballot.

Candidates for Smile Queen were Mary Bess Brillhart, Nancy Cleavinger, Elizabeth Coke, Barbara Erwin, Sharon Franklin, Linda Green, Peggy Sue Hales, Joy Harter, Janie Jarrett, Frances Kiker, Lavonne Patterson, and Linda Steen.

Running for Smile King were Walton Bagley, Louis Camp, Tommy Henderson, Kerry Knorpp, Joel Reese, Howard Lisle, Lloyd Triplett, Phillip Waters and Tim White.

Finalists for Smile Queen were Lavonne Patterson and Barbara Erwin. Walton Bagley and Lloyd Triplett were Smile King finalists.

Residents Visit Canyon Schools During Texas Public Schools Week

Residents of the surrounding area were invited to visit the Canyon schools during Texas Public Schools Week, February 28-March 4. The record of visitors shows approximately 100 parents and patrons came to CHS during the week.

Three members of the D. A. Shirley FTA Club, Bill Callarman, Billie Miller, and Virginia Crouse, gave talks to the Rotary Club.

Dr. Knott Is NHS Guest

"The Value of the National Honor Society in College and Through-out Life" was the topic of the discussion given by Dr. A. K. Knott, head of the English department of WT, at the February 22 meeting of the National Honor Society.

Mary Bess Brillhart, president, took charge of the meeting which was held in Miss Claudia Neelley's room in the high school.

Purpose of the National Honor Society is to encourage students scholastic averages and promote a healthier moral outlook. It encourages its members to excel in all things and its characteristics are honor, service, leadership, and scholarship.

Canyon Schools Put Emphasis on Math, Science

Since the race for superiority in space exploration began between Russia and the United States, the importance of science and mathematics has been emphasized greatly in the American school systems. These two subjects are closely related in their importance in the many scientific fields.

In Canyon High School there are four divisions of science—general science, biology, physics and chemistry, and six divisions of mathematics—general math, Algebra I and II, plane and solid geometry, and trigonometry.

General science is taught by Mr. Bill West. This science consists of the study of the environment, what it consists of, and how it functions. Mr. West stated that he has two main goals in his teaching: To give the student a knowledge of the basic scientific principles and to perpetuate his interest in the scientific field. He also said that science is one of our major subjects.

Understand Basic Principles

Mrs. Bill Lee teaches biology and physics. She said that she has always had an interest in living things. Biology consists of the study of living things and how they develop, grow, and react. It helps us to become acquainted with our environment and to better our conditions in life. Biology helps us to learn to think and observe properly and improves memory.

The study makes you more open-minded and aware of living things. You can develop, through the study of organisms, an understanding of the basic principles of life.

Physics helps us to get a better understanding of our universe, to learn how science and invention are helping to change the world in which we live, to learn how to use and control machines and mechanical appliances and to get experience in determining the causes of different physical effects that you may observe.

Mrs. Lee said that she tries to teach the students the basic principles and laws of physics. The subject matter is organized into several large divisions, such as mechanics, heat, sound, electricity, light, and atomic physics. Engineers use their knowledge in designing and building bridges, railroads, airplanes, electrical power plants, and machines for many purposes. Doctors, dentists, meteorologists, and geologists are only a few professions that involve physics.

Study of Matter

Chemistry is taught by Miss Alice Brotherton since Mr. Bill Davis left CHS for Lamesa. Chem-

Personality Honors Given

Marilyn Winn and Billy Triplett were chosen as personality queen and king by the CHS student body recently.

Senior personalities were also voted on by the senior class in February. Those receiving these honors are Helen Guthrie and Bobby Johnson, most courteous; Wilma Burkett and Billy Triplett, most versatile; Linda Green and John Wear, most talented; Nedra Fanning and Howard Lisle, most beautiful and most handsome; Carolyn Cooke and Walton Bagley, wittiest; Mary Bess Brillhart and Jackie Breitling, most likely to succeed; Marilyn Winn and Jerry Richardson, most athletic.

Carole Jones and Ted Abbott were chosen earlier this year as best actress and actor.

Correction:

In our story concerning the FHA Banquet we should have said Jeanne Brazil was the one running for posture queen instead of Lynne Larson. Apologies go to each of you girls.

Lions Club, and the Kiwanis Club. They spoke about Texas schools generally and CHS and its curriculum studies.

Bill Callarman, Frances Kiker, Kerry Knorpp, Lynda Redman, and Anne Guthrie, FYDA members, gave short talks concerning important facts about Texas schools to the student body over the public address system after the announcements each morning.

An information desk was set up in the main hallway of the high school for the convenience of persons who visited the school.

Theme of this year's observance was "Democracy in Action." Gov. Price Daniel stated that this year's goal is to make Texas public schools the finest in the nation, and to achieve this our citizens are urged to take an active interest in the school system and to cooperate with their school boards, superintendents, principals, and teachers.

Last week was designated as Texas Public Schools Week by proclamation of the governor of Texas and concurrence of the Senate, House of Representatives, the State Board of Education, and J. W. Edgar, commissioner of education.

Posters were placed in the business districts to remind patrons to visit the Canyon schools.

istry is the study of what matter is, how things are composed and why different elements react together as they do. Scientists believe that chemistry is one of the most important subjects for a college student. In high school chemistry students need to learn the basic principles of chemistry in order to be able to enter college with a sound knowledge of this subject if they choose to continue science in college.

General math is taught by Mr. James Kauffman, who stated that mathematics is one of the many branches of work in school which is important to every student. It

is essential to every college student regardless of his field of study. General math is a continuation of grade school math, with special emphasis on the more practical problems. The course also gives an introduction to algebra and plane geometry.

Algebra I is under the instruction of Mrs. Bill Knighton. The course consists of the study of the system of rules and axioms governing the functions of numbers. She tries to teach the students to learn and apply the rules of algebra in exercises and to apply the techniques learned to practical problems.

Algebra also enables the student to develop his thinking ability. She stated that the greatest difficulty in her teaching is the student's pre-conceived fear that he cannot learn algebra. Algebra is basic to all higher mathematics, and its use is essential in certain sciences as well. Mrs. Knighton enjoys the subject because she enjoys working problems that deal with algebra.

Algebra II and plane and solid geometry are taught by Mr. Ray C. Wells. Plane geometry is a study of figures formed by points, lines and surfaces. One of Mr. Wells' goals in teaching is to make

better citizens out of his students by developing their thinking abilities.

The training of future scientists and teaching students to think intelligently are two main objectives. The course also develops a greater accuracy in the use of numbers. Mr. Wells chose to teach these two subjects because he enjoys them, and they are challenging subjects. Algebra II is also taught by Mrs. A. K. Knott. The course consists of working with numbers, known and unknown.

Trigonometry was offered the first semester, and solid geometry is being taught this semester.

Area FHA Meet Held in Lubbock

Seventy-five Canyon High and Junior High FHA'ers boarded several CHS school buses at 5:30 a.m. March 5 on their way to the Texas Tech campus in Lubbock for the annual Area I FHA meeting.

Several girls took part in the program activities. Sarah Ragle, Bambi Green, Kay Jarnagin, Jeanne Brazil, Judy Bourland, and Georgia Holloway sang in the Area I Choir.

In the recreational activity, Joy Harter, mistress of ceremonies, worked with Patsy Robinson, Frances Kiker, and Elaine Loudder on presenting the devotional. Judy Taylor, state degree holder, wrote the devotional.

Two of the Canyon FHA'ers ran for office. Marion Henson, local vice president, ran for Area I president, and Peggy Sue Hales, local treasurer, asked to be on the state nominating committee. Each candidate for area offices was interviewed by a committee and the House of Delegates. There were 130 members who voted.

The sponsors, Mrs. Clara B. Long and Mrs. Mary Jo Johnson, accompanied the members.

Teen-age Librarians Choose Pat Haley As Vice President

Pat Haley was elected vice president of the Texas Teen-Age Library Association at the annual state meeting at Houston recently. Next year she will advance to the position of president of the state association and will preside over the state meeting in 1962.

She was one of the five delegates that attended the state meeting from the high school. The others attending the meeting were Helen Guthrie, Barbara Whiteley, Sarah Ragle, and Clark de Schweinitz, with the librarian, Mrs. Nora Gilmore, as sponsor. There were over 700 delegates attending the meeting, not including the sponsors.

The group left early Thursday morning on the bus and arrived in Houston that evening. They spent Friday morning on a boat cruise from San Jacinto Monument to the port of Houston. The official meeting started Friday afternoon with the program "Books Make Music" presented by the Bellarama Singers from Houston and a panel discussion concerning the importance of the library. Entertainment after a banquet that evening was "Meet Me in St. Louis," a musical presented by the Bellarama players from Bellaire High School in Houston.

The meeting closed after a business meeting and dinner on Saturday morning. The guest speaker at the dinner was Mr. James L. Summer, who has written a total of 17 books especially for teenagers.

The students left with their sponsor about 4 o'clock Saturday afternoon and arrived in Canyon early Sunday morning.

High Students Announced

The list announcing the highest ranking students in solid subjects in Canyon High School was released last week from the principal's office.

The students chosen are Robert Blythe, English, social studies, mathematics, and Spanish; Bill Cornette, speech; Bill Callarman, art; Chuck Nester, science; Howard Lisle, industrial arts; Walton Bagley, agriculture; Billie Miller, English, business; Mary Bess Brillhart, social studies, mathematics; Velda Jean Oberst, science; Mary Barger, art; Judy Taylor, homemaking; Nedra Fanning, choir; Ronnie Hughes, band; Sandra Barger, band; Carolyn Milhoan, journalism, and Don Guill, journalism.

In order to be eligible for this honor these students had to have completed all of the courses offered in the field in Canyon High School through the first semester of the 1959-60 term.

Carole Jones, Richard Green, and Kathy Hinger prepare to dissect a crayfish in biology. At left, Mary Scuggs is intent upon the notes she is taking, while in the right foreground Wanda Bourn watches interestedly.

Canyon High Athletic Fete Sparked by Awards Presentation

Two hundred and eighteen people attended the CHS Athletic Banquet Friday, February 26. The banquet was held in the Elementary School cafeteria.

Annual athletic awards were presented at this banquet. The Fighting Heart Award, bestowed by the vote of the football players, was presented to Billy Triplett, and Richard Purcell was named Outstanding Player by his basketball teammates.

Football captains Jackie Breitling, Tommy Henderson, and Chuck Nester crowned Nedra Fanning Football Queen. Marilyn Winn was crowned Basketball Queen by Jerry Richardson and Richard Purcell. Jerry Richardson received the title of Basketball King from the girl's team, the crown being presented by Wilma Burkett and Marilyn Winn.

Mr. Howard Lynch, former Sandie coach and now principal of Tascosa High, was guest speaker. His speech was composed mostly of amusing athletic anecdotes.

Other entertainment for the evening was a program of special music presented by Mr. Gene Murray, featuring the Teen Queens and a male quartet.

Mr. Bob Wear, on behalf of the Eagles' Booster Club, presented a sum of money to Coach Davis as a token of appreciation for his work here.

The boys' basketball and football teams and the girls' basketball team were introduced by coaches Bill West, James Kauffman, Bill

Davis, and Miss Alice Brotherton. Dr. James P. Cornette, toastmaster, welcomed the guests and Chuck Nester gave the invocation.

The guests enjoyed a meal of baked ham, parsley potatoes, green beans, salad, rolls, apple pie, and iced tea or coffee. Mrs. Clara Long was in charge of the meal which was served by junior high homemaking girls and prepared by the Elementary School cafeteria workers.

Juniors Present Play March 7-8

March 7 and 8 the junior play, "The Little Dog Laughed," was performed in the high school auditorium after many hours and weeks of practice by the junior play cast.

Included in the cast were Sally White as Laurie Huntington; Candy Throckmorton as Lillian Wood; Weston Moore as Mark Bradford; Peggy Hales as Gus; Tom Stone as Horatio P. Honeywell; Jimmy Dale Killingsworth as Sid Huntington; Beverly Richard as Martha Huntington; Kerry Knorpp as Wally; Bill Callarman as Tom Wood; and Judy Wilson as Joan.

The five old ladies were portrayed by Jo Hubbard, Linda Burgess, Sheri Cory, Lavonne Patterson, and Junell Bauer.

The cast was backed by all of the juniors, who assumed jobs as prompters, ushers, make-up artists, set workers, and ticket sellers in order to help make the play a success.

Mr. Gene Murray and Mrs. Dan Sanders, junior class sponsors, and Mrs. Lee Foster, director, worked diligently until the end of the play. Tickets were sold by junior students at 50 cents for general admission and 75 cents for reserved seats. The money will be used for the junior-senior banquet.

District TSTA Plans Conference

District IX of the Texas State Teachers Association will meet in Amarillo March 11 for an educational conference. "Education—the Gateway to Tomorrow's World" is the theme chosen for the meeting.

A general session, to be held in the Amarillo Municipal Auditorium will begin at 9 a.m. with the presentation of the colors by the West Texas State College ROTC. Following the Pledge of Allegiance, and National Anthem, the Hereford Mixed Choir will perform, and Mrs. John Sims will play an organ interlude. Rev. M. Frank Peery is to give the invocation.

Mrs. Eloise McDougal of Hereford is District IX president.

Several Canyon teachers will have charge of different divisions of the conference.

Volleyball Teams Play Plainview

The Canyon High School girls' volleyball teams played the Plainview High "A" and "B" teams on Monday, February 29, here.

Playing for CHS were Jacquita Barnard, Anita House, Kay Boydston, Nancy Purcell, Patricia Salmon and Bonnie Jo Whittington.

Also playing on the "A" team were Barbara Erwin, Kathy Hinger, Jo Ann Thompson, Lynda Troth, and Lee Ruth Wiggins.

Jeanne Brazil, Janet Gerald, Judy Wilson, Lynne Larson, Dorothy Crain, Dinia Bond, and Sharon Franklin played in the "B" team game.

Plainview won both matches with the scores of 15-2, 15-8, and 15-3, 15-7.

Choir to Present Assembly Tomorrow

The Choral Department of Canyon High School under the direction of Mr. Gene Murray will present an assembly of choral music tomorrow.

The choir will sing "Thy Word Is a Lantern," "Lament of the Enchantress," "I Hear a Voice a-Praying," "Bali Hi," "Jefferson and Liberty" and "The Battle Hymn of the Republic."

Mr. James Johnson, Mr. Murray's student teacher, will direct "I Hear a Voice a-Praying," and Phillip Waters will be featured with his drum accompaniment to "Jefferson and Liberty."

Jeanne Wheeler will sing "Summer Time," and a boys' ensemble will sing "Nothing Like a Dame." The Teen Queens and Murray's Marauders, a girls' trio, and a boys' quartet will also sing.

German Student Speaks to FHA

Bernd Kirsch, foreign exchange student from West Germany, spoke before the Canyon High School Future Homemakers of America the night of March 1. Dorothy Higdon, president, presided and introduced the speaker.

He told the FHA members and guests about life in Germany, emphasizing a typical school day. Mr. Kirsch's reasons for coming to America was to learn about the people, learn the language, become familiar with American school systems and to learn about industrialization. He stated that more social activity is provided for American youths outside the home, so that the young people are drawn from the family circle more than they are in Germany.

A question and answer period following his speech. Questions were asked concerning dating, school life, sports, how Germany felt about the United States. Mr. Kirsch stated that young people in Germany did about the same as young people in America; they go to the show and do the same as we do. The students go to school six days a week for 13 years, Mr. Kirsch stated. The main sport is soccer. Mr. Kirsch also said that Germany had no hard feeling toward the United States over World War II.

Mr. Kirsch is sponsored by the International Christian Youth Exchange and is living with Dr. and Mrs. George T. Royce in Amarillo. His ambition is to become a doctor.

The Debutantes, composed of Frances Kiker, Jeanne Brazil, Joy Harter, Judy Wilson, Judy Bourland, and accompanied by Lynne Larson, sang "Chances Are" and "Tell Me Why." They dedicated "Enjoy Yourself" to Mrs. Stover, Mrs. Long, and other parents.

Kathy Hinger presented a talk on foreign ambassadors. Barbara Erwin told the history of the Texas flag.

Refreshments of ice cream sandwiches were served.

CARTOONIST GIVES PROGRAM

Mr. Jeff Hayes, cartoonist, entertainer, creator of "Chip," "Witty Kitty" and several other cartoons presented a Southern School assembly for Canyon High School February 29.

BEGINNING SUNDAY

Dr. Sullivan to Lead Services
At First Baptist Church Revival

Dr. James L. Sullivan, executive secretary-treasurer of the Sunday School Board of the Southern Baptist Convention, Nashville, Tenn., will be the evangelist for the First Baptist Church of Canyon in a series of revival services beginning Sunday morning.

Services will be held each day at 7 a.m. and 7:30 p.m. Doughnuts, coffee, and hot chocolate will be served each morning at 6:45 in Fellowship Hall. The nursery will be open for all evening services.

Music for the meeting will be under the direction of Bob Allford, minister of music and education for the church, and will feature a revival choir, soloists, quartet, and graded choirs of the church.

Emphasis Each Night

Theme for the revival is "To God Be The Glory," and a large interest center carrying out the theme has been placed in the auditorium.

An extensive visitation program has been used prior to the meeting. Every deacon of the church, along with some 20 other laymen, has been given the names of 10 families in the church. These families are being personally visited and enlisted to participate in the revival.

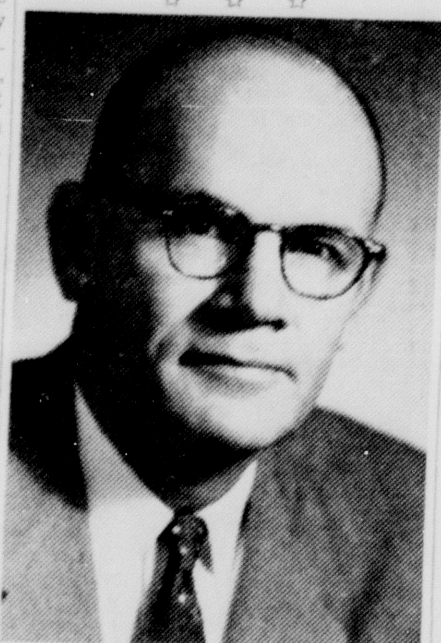

Each evening service during the meeting will have a special emphasis, with Monday night being Family Night, Tuesday night, Men's Night; Wednesday night, Sunday School Night; Thursday night, Ladies' Night; Friday night, Youth Night; and Saturday night, Junior Night. Each evening these groups will be asked to be responsible for filling the auditorium with people.

On the final Sunday of the re-

BOTH LOOSE TEA AND TEABAGS
COOPER'S MARKET
1601 Fourth Avenue

DR. JAMES L. SULLIVAN

Dr. Sullivan, who will be with the church throughout the meeting, is a native of Mississippi. He is a graduate of Mississippi College and Southern Baptist Theological Seminary. He has also received an honorary doctorate from Mississippi College. He has served in many places of leadership in the denomination, including president of the Tennessee Baptist Convention. Also he has served as a trustee for Southern Baptist Theological Seminary, Union University, Mid-State Baptist Hospital, Hendrick Memorial Hospital, and Hardin-Simmons University.

Dr. Sullivan has held pastorates in Kentucky, Mississippi, and Tennessee, with his last pastorate being in the First Baptist Church of Abilene. Dr. Sullivan has been with the Sunday School Board in Nashville since 1953.

ONE-MAN SHOW

Rhodes on Honor Roll For Fall at Harding

Jess Lynn Rhodes, freshman at Harding College in Searcy, Ark., has been named to the honor roll for the fall semester.

Rhodes, son of Mr. and Mrs. Jess L. Rhodes, Sr., 2004 Eighth Avenue, was graduated from high school in Springdale, Ark., in 1959. A chemistry major at Harding, he is a member of the Mohican men's social club and A Cappella Chorus.

Newcomers' Tea Slated March 17

A Newcomers' Tea will be held Thursday morning, March 17, from 9:30 until 11:30 in the home of Mrs. Clyde Warwick, 1110 Sixth Avenue.

Anyone who has moved to Canyon since January, 1959, is invited to attend the tea.

Some people cast reflections just to show how brilliant they are.

Wayside News

By INA KENNEDY

Church services Sunday were as usual. Rev. Rolland Moore delivered two fine sermons.

Snow, mist, fog, and cold temperatures, we've had them all the past week. You'd think we were close to the 49th state. It's for sure, if spring ever does come, it will be appreciated and enjoyed.

Nancy Schrib spent Friday night with Judy Turey in Happy and Saturday morning they joined the FHA girls and all went to a district meeting in Lubbock.

Wayside was well represented at the Girls Regional Basketball Tournament held in Canyon over the weekend, which Claude won and they go on to state this weekend for the finals.

Mr. and Mrs. H. G. Kennedy of Canyon and Mr. and Mrs. Charles Kennedy spent Sunday afternoon in Pampa visiting in the home of Mr. and Mrs. Billy Joe Kennedy and Mary Kay.

Ronnie Wesley visited Jimmy Schrib Sunday afternoon.

Mr. and Mrs. W. C. McGehee and Jack were Sunday dinner guests in the home of their daughter and family, the Guy Watsons.

Mrs. Henry Long of Fairhope, Ala., and Miss Donna Dugan of Canyon were recent visitors of Miss Charlotte Adams.

Uncle John McGehee and Mr. and Mrs. John Barnes were Canyon callers Saturday.

The Home Demonstration Club will meet at the church next Friday afternoon with Miss Virginia Hill, the agent, present.

Mr. and Mrs. Henry Hamblen visited with Mr. and Mrs. Wiatt Heisler Sunday afternoon.

Mr. and Mrs. Clifford Stevens and family and Mrs. A. L. Stevens spent Sunday in the Dick Orr home in Panhandle.

Mrs. Buddie Tuggle visited with Mrs. Ronnie Roberts and children Saturday night.

Richard Bowe of Happy and Robert Kennedy spent the weekend at WT in Canyon.

Mrs. Ira Schrib visited with Mrs. Clifford Stevens and Mrs. A. L. Stevens Tuesday afternoon.

Jack McGehee, Gail Watson, and Richard Kennedy were in Canyon Sunday afternoon bowling.

Crosses Honored With Reception

Mr. and Mrs. Jon B. Cross, who were married in January, were honored Saturday night at a reception in the home of Mr. and Mrs. James P. Cornette. More than 200 guests attended.

Ten Canyon women were hostesses for the event for the young couple who now live in Boulder, Colo., where Mr. Cross is a senior chemistry student at the University of Colorado. Hostesses were Mrs. Cornette, Mrs. Earl Reynolds, Mrs. S. H. Condon, Mrs. R. A. Neblett, Mrs. W. L. Smith, Mrs. W. Mitchell Jones, and Mrs. Virgil Henson, and Miss Albessa Stephenson, Miss Darthula Walker, and Dr. Ima Barlow.

Nephew of Miss Ruth Cross, Cross is a 1956 graduate of Canyon High School.

Mrs. Cross, the former Margaret Geringer of Wheatland, Wyo., is the daughter of Mr. and Mrs. Henry Geringer. A graduate of the University of Colorado, she is a physical therapist at Colorado General Hospital.

The couple was married January 29 in Wheatland.

Color scheme for the reception was pink and white, and the serving table carried out the theme with pink and white candies, pink hot spice punch, and snowballs.

Serving each half hour from 7

until 9 p.m. were Miss Elva Fronbarger, Mrs. Cecil Holmes of Barger, Mrs. Flora Phillips, Mrs. L. F. Sheffy, Miss Isabel Robinson, Mrs. J. E. Flynn, Mrs. Joseph Findley, and Mrs. C. C. Clark.

In the receiving line were Dr. and Mrs. Cornette, Mr. and Mrs. Cross, and Miss Ruth Cross. Introducing guests were Robert Phillips and Don Duncan. Presiding at the guest book were Mrs. Diane Duncan and Mrs. Wanda Phillips.

Music was played by Beverly Henson and Virginia Leake.

"It's Easy To Do Business With Us"

Noted Kentuckian Dates Two Talks At WT for 50th Anniversary Fete

Jesse Stuart, noted Kentucky author, lecturer and teacher, will speak twice Thursday at West Texas State College, and will be main speaker for the annual District Stuart is being brought to WT as one of the features of the Golden Anniversary celebration of the college. He will speak at a student body assembly at 9:30 a.m. Thursday in the Administration Building auditorium, and he will address a regional convention of Alpha Chi, national honor society, at 1:30 p.m. in the Fine Arts Building auditorium.

Stuart's address, "Education and American Democracy," will be given at the opening general session of Panhandle area teachers at 9 a.m. Friday in Amarillo's Municipal Auditorium.

Best known for his novels, "Taps for Private Tussie" and "Hie to the Hunters," Stuart published in 1949 an autobiographical account of school teaching experiences in his "The Thread That Runs So True." Dedicated to the school teachers of America, the book was recognized as not only good literature but a valuable addition to the libraries of the nation's teach-

ers. Winner of numerous literary awards, such as the Guggenheim Fellowship Award for Creative Writing, and a poet laureate of Kentucky, Stuart has had more than 300 short stories published in such national magazines as Saturday Evening Post, Atlantic Monthly, Harper's Magazine, and Ladies Home Journal.

His stories and novels are studied by college students in many English and American literature texts.

Stuart first started speaking in behalf of school teachers and the teaching profession in the early 30's. Himself a teacher in Greenup, Ky., Stuart in the last 20 years, before a heart attack curtailed his activities, gave approximately 2,000 talks throughout the nation.

Among the places Stuart has spoken are Columbia University, Harvard, Ohio State University, Vanderbilt University, University of California, and before teachers conventions in Texas, Alabama, South Carolina, Oklahoma, Iowa, New York, and others.

Most current books by Stuart are junior novels, "The Beatnik Boy," "A Penny's Worth of Character," and "Red Mule."

More Road Work Set in County

A contract for 5.1 miles of construction on Farm Road 2186 in Randall County has been awarded an Amarillo firm, it was announced in Austin this week by the State Highway Commission.

Ivan Dement, Inc., submitted the low bid of \$67,697 on the project. Construction of grading, structures, base, and surfacing from 3.6 miles west of Highways 60 and 87 to west 5.1 miles is expected to take 120 working days, according to Charles W. Smith, district highway engineer at Amarillo.

William V. York, resident engineer here, will be in active charge of the project while it is under construction.

SELFISHNESS

Some people who have liberal views are willing to allow the liberty of others to end right there.

You can't acquire people's confidence by knocking.

Fitts Ranks With Greats Who Have Played for WT

When the St. Louis Hawks of the NBA contacted Milt Fitts a few days ago about a pro basketball contract, it pointed up something folks around here have known for a long time: Fitts will be ranked with the all-time greats at West Texas State and compares favorably with the nation's "All-Americans" this season.

The quiet, easy-going Tahoka, Texas, product, who spurned offers of 21 other colleges to enroll at West Texas State, wound up an illustrious collegiate career recently against Hardin-Simmons, scoring 23 points and grabbing 25 rebounds.

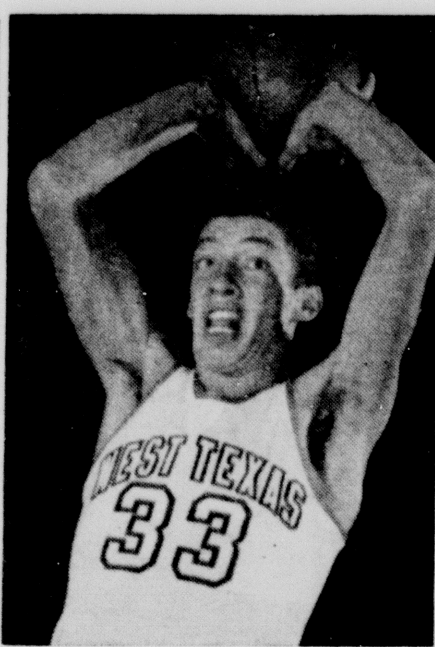

The high-jumping, accurate-shooting Fitts has carved a remarkable record for the Buffaloes. In three years of varsity competition, Fitts has started every game when he has been physically able; has led the club in rebounding all three seasons; and has been the team's top scorer the last two campaigns.

Best Player in League

An All-Border Conference choice as a junior, he appears to have cinched another all-star position this year.

Coach Ned Wulk of Arizona State University calls Fitts the best all-around player in the Border Conference. "Ernie McCray of Arizona might be a better shot and George Knighton of the Aggies might be more rugged, but Fitts can do everything well."

Those words of praise are a fitting tribute to a versatile young man who burned up the high school courts under Coach Jake

MILT FITTS

Jacobs at Tahoka, starred in the North-South All-Star game, and never slowed down when he moved into college ranks.

Top Buff Rebounder

On the Buff freshman team, Fitts was top rebounder and averaged 20 points per outing. He moved

Fairview Breezes

Charles Pierce delivered two excellent sermons Sunday. Mr. and Mrs. Lewis of Borger, parents of Mrs. Pierce, were welcomed at the morning service.

Mr. and Mrs. Rayford Shipman and Hoyle Shipman attended the funeral of an uncle in Benjamin Saturday. They returned home on Sunday evening. Janece, Emil Ross and Pam Shipman visited with Mrs. Hoyle Shipman and children while their parents were gone.

Mrs. Charles Pierce was in a music and voice recital at WT Sunday afternoon.

Hollis Shipman accompanied his daughter-in-law to Camp Hood Saturday where she will stay. Hollis will return by bus.

The T. & T. Club tournament met with Mrs. E. W. Schaeffer Saturday evening. Cocoa, coffee, and muffins were served to those attending. On Saturday the group will meet with Serena Bryan and Virginia Liston.

Mr. and Mrs. G. E. Wesley were in Happy Thursday afternoon.

The Charles Wilson children are suffering with colds.

Virginia Liston enrolled in art classes in Tulsa. She had her first lesson Tuesday evening, and reported that the roads were hazardous returning home that night.

Mr. and Mrs. J. W. Wesley visited with Mr. and Mrs. G. E. Wesley Friday.

Gene Shipman visited his grandparents Saturday.

Stick to the facts always — act on principle, not on opinion.

Fashion Award Goes To Pontiac

T. S. Stevenson, Jr., of Stevenson Pontiac has been notified that the International Fashion Council's annual fashion award has been presented to Pontiac Motor Division for its outstanding styling leadership in designing the 1960 Pontiacs. Accepting the award from IFC Director General Jana Ages was S. E. Knudsen, GM vice president and Pontiac manager. The presentation was made in Detroit on Wednesday, February 24, during a closed circuit television broadcast to Pontiac's sales and dealer organization throughout the country. The IFC is a style-conscious group of clothing manufacturers representing 30 countries, with headquarters in Amsterdam, Holland. All fields of product design are considered when selecting a recipient for the IFC award.

Honor Society To Meet at WT

West Texas State College will be host Thursday and Friday to a regional convention of Alpha Chi, national collegiate honor society, with 19 Texas colleges expected to send student and faculty representatives.

General theme of the conference, a Golden Anniversary event for West Texas State, will be "A Generation With or Without a Cause."

Main speaker at the opening session Thursday at 1:30 p.m. in the Fine Arts Building auditorium, will be Jesse Stuart, noted Kentucky author and lecturer.

Scheduled also on Thursday are a student panel discussion, a visit to the Panhandle-Plains Historical Museum and the Palo Duro State Park. Bob Robertson, Cactus senior, will be WT's representative on the panel, and Dr. Lowell H. Harrison, head of the history department and an Alpha Chi sponsor, will be moderator.

Friday morning's sessions will include the reading of student papers and a business meeting to conclude the convention. Dr. Ples Harper, head of WT's modern language department, will preside at Thursday's meetings, and Jo Ann Byrd, Claude junior, will preside at Friday's sessions.

Bad Weather Cuts Museum Visitors

Bad weather sharply cut attendance at Panhandle-Plains Historical Museum during February as compared to the same month last year.

A total of 3,805 persons toured the museum last month. This was 500 less than February, 1959.

Included in the number were representatives from 43 states, the District of Columbia, and 11 foreign countries. Nations represented were Canada, Germany, England, Estonia, Argentina, Korea, Puerto Rico, Thailand, Brazil, Switzerland, and Turkey.

To avoid disappointment learn to expect the unexpected.
